**4. CRITERION: LCFF Revenue**

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

<sup>1</sup>Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

**4A. District's LCFF Revenue Standard**

Indicate which standard applies:

LCFF Revenue

Basic Aid

Necessary Small School

The District must select which LCFF revenue standard applies.

LCFF Revenue Standard selected: LCFF Revenue

**4A1. Calculating the District's LCFF Revenue Standard**

DATA ENTRY: Enter LCFF Target amounts for the budget and two subsequent fiscal years.  
Enter data in Step 1a for the two subsequent fiscal years. All other data is extracted or calculated.  
Enter data for Steps 2a through 2d. All other data is calculated.

**Projected LCFF Revenue**

Has the District reached its LCFF target funding level?

If Yes, then COLA amount in Line 2b2 is used in Line 2e Total calculation.  
If No, then Gap Funding in Line 2c is used in Line 2e Total calculation.

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

It is likely that for many districts the 2014-15 and 2015-16 change from the historical average ratio will exceed the standard because certain revenues that were restricted prior to the LCFF are now unrestricted within the LCFF.

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Unrestricted deficit spending, if any, has not exceeded the standard percentage level in two or more of the three prior years.

**Explanation:**  
(required if NOT met)

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

**S1. Contingent Liabilities**

1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?

1b. If Yes, identify the liabilities and how they may impact the budget:

**S2. Use of One-time Revenues for Ongoing Expenditures**

1a. Does your district have ongoing general fund expenditures in the budget in excess of one percent of the total general fund expenditures that are funded with one-time resources?

1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

Ongoing salary increases negotiated in 14-15, as well as anticipated STRS/PERS rate increases are partially funded by one-time unrestricted 15-16 Mandated Costs funding of approximately \$1.9 million. Absent additional substantial allocations of one time funding and/or increased LCFF gap funding or other sources of revenue . . .expense reductions will likely be needed in 2018-19.

**S3. Use of Ongoing Revenues for One-time Expenditures**

1a. Does your district have large non-recurring general fund expenditures that are funded with ongoing general fund revenues?

1b. If Yes, identify the expenditures:

Ongoing salary increases negotiated in 14-15, as well as anticipated STRS/PERS rate increases are partially funded by Reserve. Absent additional substantial allocations of one time funding and/or increased LCFF gap funding or other sources of revenue . . .expense reductions will likely be needed in 2018-19.

**S4. Contingent Revenues**

1a. Does your district have projected revenues for the budget year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

LCFF funding, including Education Protection Act funds based on temporary state tax increases are currently providing the restored funding to CA districts. If the temporary tax increases are not extended or replaced with other revenue, expenses will need to be substantially cut . . .likely in 2018-19.

**S5. Contributions**

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the budget year and two subsequent fiscal years. Provide an explanation if contributions have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether contributions are ongoing or one-time in nature.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the budget year and two subsequent fiscal years. Provide an explanation if transfers have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether transfers are ongoing or one-time in nature.

Estimate the impact of any capital projects on the general fund operational budget.

---

DATA ENTRY: Enter an explanation if Yes.

- 1a. Yes - Annual payments for long-term commitments have increased in one or more of the budget or two subsequent fiscal years. Explain how the increase in annual payments will be funded.

DATA ENTRY: Click the appropriate Yes or No button in item 1; if Yes, an explanation is required in item 2.

1. Will funding sources used to pay long-term commitments decrease or expire prior to the end of the commitment period, or are they one-time sources?

No

2.

No - Funding sources will not decrease or expire prior to the end of the commitment period, and one-time funds are not being used for long-term commitment annual payments.

**Explanation:**  
(required if Yes)

GO Bond payments are made through property taxes levied by Placer County and are not the direct obligation of the District.

**S7. Unfunded Liabilities**

Estimate the unfunded liability for postemployment benefits other than pensions (OPEB) based on an actuarial valuation, if required, or other method; identify or estimate the annual required contribution; and indicate how the obligation is funded (pay-as-you-go, amortized over a specific period, etc.).

Estimate the unfunded liability for self-insurance programs such as workers' compensation based on an actuarial valuation, if required, or other method; identify or estimate the required contribution; and indicate how the obligation is funded (level of risk retained, funding approach, etc.).

a. Are they lifetime benefits?

b. Do benefits continue past age 65?

c. Describe any other characteristics of the district's OPEB program including eligibility criteria and amounts, if any, that retirees are required to contribute toward their own benefits:

EUSD allows retirees to purchase benefits through the District's benefits plans provided by Schools Insurance Group (SIG) and invoices the retirees for full reimbursement. There is also a provision within the EUTA contract that allows eligible retirees to work for the District at their past daily rates, up to the amount of the HW Cap (\$7,000), in order to earn a portion of the cost of the benefits. This provision provides complete discretion for the District to determine the need for services by the retirees, so is not financially obligatory.

For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

**If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:**

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
